

# PRESS RELEASE NUMBER 1

Preparations are being finalised for the 2025 Galway Endurance Trial and its already shaping up to be a great event. There seems to be a huge amount of interest in this event both locally and right across the country with plenty of vehicles undergoing preparation. This year sees the event returning to East Galway for the second year running and the Kiltormer GAA Complex once again will be the headquarters. This year to avoid congestion at HQ a Trailer park within close proximity has been secured. The event itself is a 17 selective event consisting of 9 selectives for the morning loop within the Killimor/Tynagh area and 8 selectives for the afternoon loop in the Eyrecourt/Kiltormer area with a lunch halt in-between. This event is the first round of the Skoda Parts Ireland National Endurance Championship and keep an eye on Sportivity App for further updates thanks.

Yours in motorsport  
Clerk Of The Course  
Eoin Stapleton
