

## Where to share event media

Hello all,

In an attempt to consolidate the Rally Monday search for great pictures, NASA Rally Sport has a Facebook group called "NASA Rally Sport Event Pictures and Video" at <https://www.facebook.com/groups/703415787885503/>. If you have some photos or video from the event that you'd like to share, or when you're looking for content from others, please join us there. Also, feel free to post up Youtube links to your event videos and share albums posted in other places. If you are professional media, post up a link to your album of media for sale.

Thanks for coming out for a great weekend of racing!
