

Wild West Rally 2026

3-19-26

Bulletin 5 Recce Instructions

A) Safety, Courtesy, and Avoiding Penalties

There will be non-rally traffic on the stage road during recce. Stay in your lane. Please be thoughtful and careful.

Multiple Rally Officials will be observing you. Don't do something to get penalized. It's not worth it!

Speed limit on the stage road is 25 MPH. There will be radar.

B) Recce Instructions

Check in at Willapa Landing Park as indicated in the supplemental regulations between 11:15 AM and 12:45 PM on March 21.

Driver, Co-Driver, and recce vehicle must be present at check in. Competition cars are not allowed for recce.

Tape a 5X7 paper to the upper right side of the windshield with your car number written in dark felt pen before leaving check in.

Use your phone for directions to the City Hall in South Bend, WA.

After reaching City Hall, follow the route book instructions to the first stage (this is the southbound direction of the stage).

You may recce a maximum of two passes each direction.

The stage is open for recce southbound from 13:00 to 15:00.

When you have completed your first pass southbound, follow the routebook out to highway 101, and take highway 101 back to South Bend City Hall before starting your second pass.

After you finish your second pass, drive until you are almost approaching highway 101 before turning around before the opening of northbound recce (don't use people's driveways).

The stage is open for recce northbound from 15:05 to 17:15.

When you have completed your first pass northbound, follow directions to stage 4 in the route book.
