

2023-2024 Super Sprint MotorSport New Zealand Championship Series

**EUROMARQUE MOTOSPORT PARK, RUAPUNA
9-11 FEBRUARY 2024**

MEMO FROM THE CLERK OF THE COURSE

To: Mazda Racing, Class Co-ordinator's

Additional Further Information

Race Control Access:

Due to the Size of race control one representative from each class is permitted in race control to observe while your class is on the circuit, you may enter race control once the previous session has concluded and exit after your session has concluded.

Timing Room:

It would be appreciated that you access this for assisting with grids or obtaining results etc, both Race Control and the Timing Rom are working offices, and it would be appreciated if this is respected and not use for viewing purposes.

Drivers Briefing:

A written drivers briefing was issued for this weekend, there will be no verbal drivers briefing, classes may have their own briefing however it may **not** include any regulatory information ie event management/regulations, schedule Z rulings etc, should you wish to have any clarification on regulatory information can you please ensure that either the CotC or an ACotC is present, the reason I request this, at some events in the past, classes have conducted their own briefings, wrong information has been briefed and it has caused issues for event officials.

Your co-operation would be appreciated if these requests were maintained over the weekend.

Any question please contact me.

Craig Finlayson
Clerk of the Course
