

INSTRUCTIONS FOR RETURNING THE RALLY EQUIPMENT

Rally equipment must be returned in good, working condition, with all parts received.

The devices must be CLEAN. Remove everything from the vehicle before washing. Do not wash the equipment with steam cleaners or direct water.

Do not cut cables and sockets!

Step 1 - Carefully remove the equipment from the vehicle and clean all devices without putting them in water. Use a cleaning cloth for equipment.

Step 2 - Prepare the full set of equipment.

Step 3 - Go to the IRIS desk next to the Rally Office. The desk will be opened till 18:00 hrs.

Step 4 - The GPS Officers will check the equipment. If there are any damages, they must be paid for in cash immediately at the Rally Office according to the Geotraq Price List. The guarantee will be refunded in the same manner it was paid.
