2. Shakedown

Recce Shakedown

Friday, 01.08.2025 16:30 – 17:15 h

Shakedown

Friday, 01.08.2025 17:30 – 20:30 h

- Before the start of the Shakedown, the competition vehicle must be presented at scrutineering and the RallySafe Unit must be fitted and working properly.
- The number of starts for the Shakedown is not limited.
- Recce is allowed with the rally car.
- Writing pacenotes for the Shakedown is only allowed during reconnaissance and strictly forbidden while the Shakedown is running.
- There is no timekeeping by the organiser during the Shakedown.
- After leaving the stage, it is possible to return directly to the start again immediately without going to the Service Park first.
- Entry is regulated at the start of the Shakedown; the instructions of the starter are binding.

Shakedown Start: Enschede

Coordinates: N 49° 49.872', E 6° 49.226'

Shakedown Length: 4,77 km, 100 % tarmac
Circuit stage, 1 lap plus exit

Distance Service Park – Shakedown Start: 6,32 km

Distance Shakedown STOP -> Start: 3,05 km

Distance Shakedown STOP – Service Park: 4,37 km

Service for Shakedown is located only in the normal service area acc. to the Supplementary Regulations. Service along the streets and paths on the way to or from Shakedown or on all other areas outside the above mentioned service area is prohibited. Any infringements will be reported to the stewards.

If a co-driver other than the one listed in the entry form is taking part in the Shakedown, he/she must complete and sign a waiver of liability. Passengers are not permitted to take part without presenting the signed waiver of liability. It is also forbidden to take minors on board. Forms are available at the Rally HQ or at the start of the Shakedown.

During the Shakedown, every person on board of the rally car must wear homologated helmets, the complete prescribed safety clothing and equipment in accordance with Annex L - Chapter III - Driver's equipment and must wear the seat belts properly. Violations will be penalised.

Repeated moving of the chicane on the Shakedown will result in exclusion from further participation in the Shakedown.

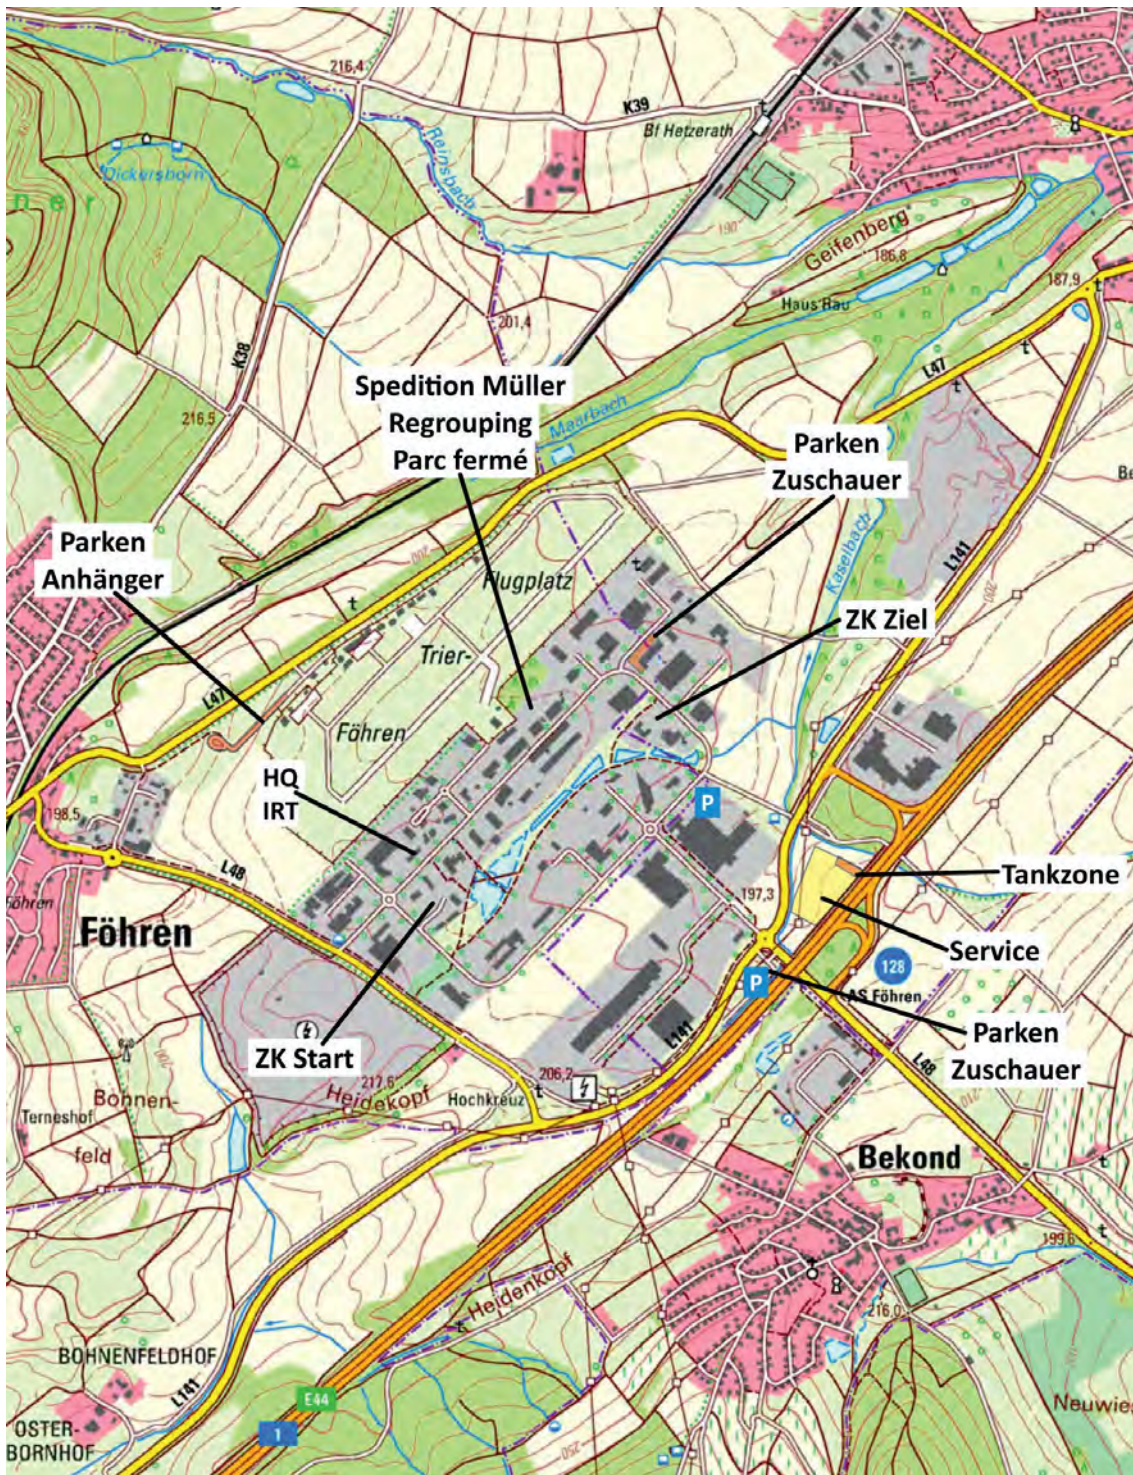

Moving the chicane once: Information

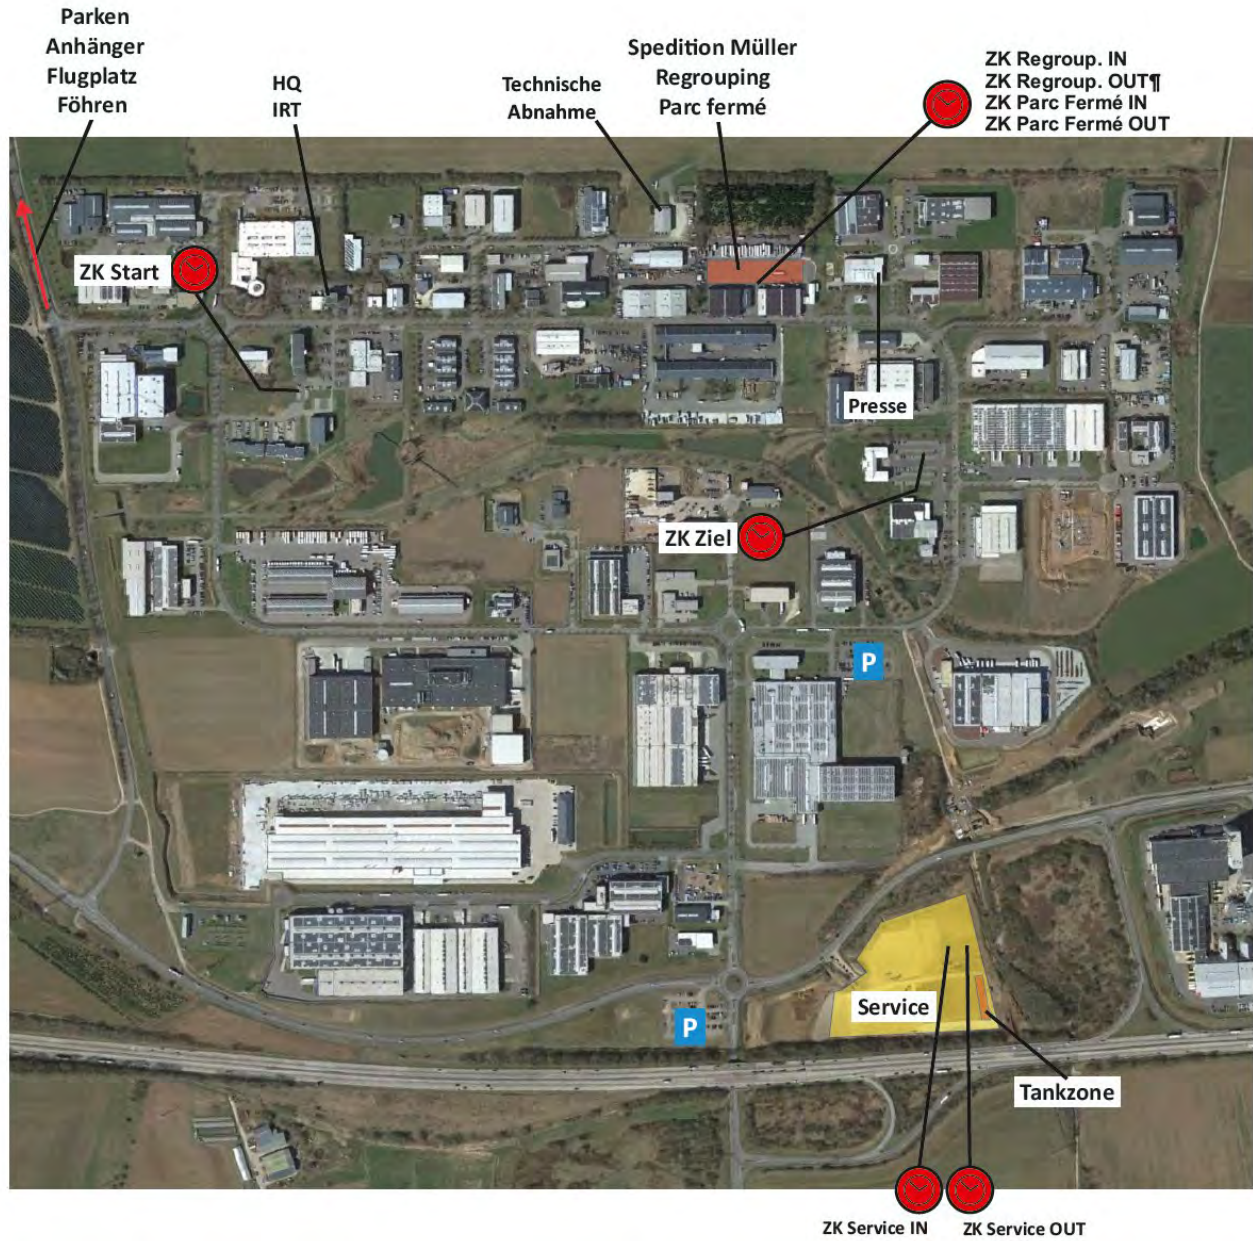

Moving the second time: Reprimand

Moving the third time: Exclusion

3.3 Trailer parking

Parking or standing of trailers is not possible in the Service Park due to the lack of parking spaces. Parking spaces are available for these vehicles in the trailer parking area (see above). The trailer parking area is located in a fenced area. The area is sufficiently large, but requires the co-operation of each team. The respective trailers should not be parked unnecessarily wasting space.

Important: Trailers may only be parked on tarmac roads or concrete surfaces, but not on grass areas!

4. Service Park

- Service Park surface: gravel soil with earth
- Standard size of the service area: 60 m² (width: 6 m, depth: 10 m);
Exception for RC2/R-GT and RC2N teams: 80 m² (width: 8 m, depth: 10 m)
- Walking speed is mandatory in the service park
- An electrical power supply is available for all teams; teams must bring their own cables/adapters.
- Toilets, a water point and rubbish containers are also available
- According to the current status there will be no lighting in the Service Park
- Security will be provided in the Service Park during the night from Friday to Saturday and from Saturday to Sunday

- Environmental regulations: If the vehicle leaks fluids, the teams are responsible for disposing the fluids properly. In case of non-compliance, we reserve the right to order a company to carry out a professional repair/disposal. The costs will be charged to the team!
- An oil- and petrol-resistant plastic ground sheet of at least 5 x 2 m must be laid out under each competition vehicle. A sufficient quantity of oil binding agents and suitable containers for the disposal of oil/brake fluid must be kept ready by each service team. Environmentally hazardous substances of any kind must be taken away by the team and disposed by themselves. The service area must be left clean. The waste containers provided on site can be used for waste.
- In order to enable a smooth set-up of the service areas, we would like to point out that teams with service vehicles with a total length of more than 10 metres must be on site **by 14:00 h** on Friday, 01.08.2025. If teams arrive later, it cannot be guaranteed that the space allocated according to the service plan can be made available on site.
- Service space areas that have not been ordered can no longer be planned on the weekend of the event. The service space areas allocated by the organiser are binding. The joint service areas with other participants from the entries have been taken into account.
- **Important note:** The standing, stopping or parking of vehicles in the service park in areas not designated for this purpose will result in the withdrawal of entry authorisation to the Service Park. In individual cases and in the event of serious obstructions, vehicles will be towed away for a fee.
- **Another important note:** E-Scooters must be registered and have an insurance licence plate, otherwise E-Scooters may not be driven on public roads in Germany!
- The Service Park area is an absolute no-fly zone for drones during the event!
- **Sunday driving ban for trucks:**
On Sundays and public holidays, trucks with a gross vehicle weight of more than 7.5 tonnes are not permitted to drive between midnight and 10 pm. In addition, there is a further driving ban for trucks with a gross vehicle weight of over 7.5 tonnes on all Saturdays from 7 a.m. to 8 p.m. in the period from 1 July to 31 August. The same applies to lorries towing a trailer.

- There will be **no catering** for teams and spectators in the Service Park. The following options - some with delivery service - are available nearby:

5. Itinerary Recce

- QR codes of the special stages, plans and return routes to the start can be found in the Road Book from page 167.
- The recce vehicle must be registered with the online entry, the data must be available at the latest for administrative checks.
- The code for the RS-Lite app will be sent to the teams with the entry confirmation.
- The start numbers provided for recce (colour: bright orange) must be affixed to the windscreen and rear window (top, centre).
- The number of runs for each special stage is limited to two per crew (a special stage that is run more than once is regarded as one special stage; special stages 1/5/9 (Bergweiler A) and 2/6/10 (Bergweiler B) together are also regarded as one special stage).

6. Refuelling

- There is **no** petrol station selling 102 octane fuel on the entire rally route.
- Vehicles that have to be refuelled with 102 octane fuel may refuel in the refuelling zones (TZ) set up by the organiser upon request.
- A refuelling zone has been set up in the Service Park. This is located at the Service Park exit and is marked in the road book. Refuelling is only permitted in this refuelling zone.
- Only fuels in accordance with Art. 62 are permitted. Refuelling within the service park is expressly prohibited, except in the cases described in Article 58. Vehicles with a combination of series tank and FIA-homologated tank connections are not permitted.
- The use of the refuelling zone had to be requested via the electronic entry form by the entry deadline (19.07.2025). If teams have forgotten to do this, it is possible to do so at the administrative checks.
- Next petrol station (distance from Service Park approx. 5 km):
 - ARAL, Wittlicher Straße 1, 54523 Hetzerath
 - This petrol station does **not** sell 102 Octane
 - Opening hours: Monday to Friday from 05:00 – 21:00 h
 - Saturday from 06:00 – 21:00 h
 - Sunday from 07:00 – 21:00 h
- **Reference petrol station with** 102 Octane (distance from Service Park: approx. 20 km):
 - ARAL, Kurfürstenstraße 69, 54516 Wittlich
 - Opening hours: open all day

7. Tyre Warming Zone

- Tyre warming zones are set up before the following special stages and are marked in the road book:
 - o Bergweiler A
 - o Dhrontal
 - o Trittenheim
 - o Vulkaneifel
- The TWZ begins after the time control with the “TWZ” board and ends with the “TWZ End” board. Drivers must be able to stop the car at any time in case of danger. Deliberate stopping in the TWZ or driving the opposite direction is strictly forbidden. There will be a minimum of 100 m between the “TWZ End” board and the start of the Special Stage, where the crews must drive at walking speed to the start line.
- Warming up the tyres before the special stage outside the TWZ is prohibited and will be reported to the stewards in the event of non-compliance. Compliance will be monitored by the organiser.
- Before entering the TWZ, the crew must have put on the driver's equipment described in Art. 53.1 of the rally regulations.

8. Speed control

- It is to be expected that the police will carry out increased speed controls on the days of the Rally from Friday to Sunday. Please take note of this!
- As organisers, we will also be deploying our own personnel with radar guns to monitor speed at critical points during Recce and Shakedown on Friday as well as during the Rally on Saturday and Sunday.
- If there are any infringements, this will be documented by the monitoring personnel and reported to the rally organisers.
