1. PRESENTATION BY THE CLERK OF THE COURSE

Welcome to Lahti.

Lahti Historic Rally celebrates its glorious 20th anniversary. This weekend we will be able to bring a cavalcade of great cars. And competitors from several European countries. Lahti harbor has been given a wonderful setting for the start and finish of the rally.

The race route is great. Magnificent, varying, Finnish roads and landscapes. The Future SM-Ralli includes several competitions.

The competitors of HTRS class will be the first to start the route, followed by the EC competitors. They have a separate competition on both days, for which points are awarded.

After HTRS class, cars of different ages of the Historic Rally Trophy series start in turn. For the second race on Friday, we will add the competitors of the SM series after the HRT classes.

On Saturday, the queue will continue with the competitors of the BMW Rally Series. There is only one competition left after Lahti in the SM series in different categories. In Lahti, the distribution of the championship medals for the different categories will certainly be exciting. The point differences are quite small. And the route is also demanding in length.

Service area is performed centrally in the Rally HQ area. Competitors go there twice on Friday and once on Saturday.

Getting this whole thing together and the schedules together has taken a bit of work for the organization. We hope everything will be successful and we will have a great competition for you competitors.

We thank the city of Lahti, our partners, the people of volunteers and the authorities for their cooperation, which make it possible to carry out this competition.

I wish the competitors a fast and fair competition.

Seija Koskela
Clerk of the course

HRT and FRC

Friday, Part 1 dropout safety inspection, Parc Fermé, Rantakartano P-talo Kartanonkatu 6, 15110 Lahti.

Saturday 12 August 2023 at 7:00 am

The driving directions for the safety inspection are drawn in the picture below.

HRT
There
is an
AT at
the

security checkpoint. Come to the place according to the given schedule, stop at AT and the AT representative will mark your arrival time in the protocol.

Please make sure that the car and safety equipment are in proper condition and that the race numbers and HRT commercials are affixed.

Drivers' equipment must be removed from the car upon arrival at the safety inspection. The competitor's representative responsible for the crew's equipment will place it on the table reserved for this inspection and the competitor's representative will present the equipment. When the inspection is done, the competitor's representative packs up the equipment and leaves.

FRC

Arrive at security scrutineering at least 10 min before your time. There is no AT in the safety inspection, but compliance with the reserved times is monitored in the equipment inspection.

Drivers' equipment must be removed from the car upon reaching security scrutineering. The competitor's representative responsible for the crew's equipment will place it on the table reserved for this inspection and the competitor's representative will present the equipment. When the inspection is done, the competitor's representative packs up the equipment and leaves.

8.1. SEALING

The spare parts to be sealed and registered for the competition are checked and, if necessary, sealed security in connection with scrutineering.

Changing the sealed part during the race:

If the competitor wants to change the turbo or pop-off valve during the competition, this must be announced by phone Riikka Raatikainen, phone +358503598510

9. RECONNAISSANCE

The competitor must follow the given reconnaissance time table!

Old notes: Previously run special stages. In 2021 SS10, Porvola is exactly the same this year SS6/10.

A pair of competitors will receive tags for their car (2 number stickers). The number stickers must be attached to the

upper right edge of the windshield and the right rear window throughout the reconnaissance.

If a pair of competitors has to change the preview car during the reconnaissance, the secretariat (tel. +358 400 431 413) must be notified of the new preview car's information. If this procedure is not followed, participation in the reconnaissance will be denied. All preview cars will be equipped with a GPS safety tracking device.

During the reconnaissance of the special stages, the maximum permitted speed for the special stages is 80 km/h, if it has not been set lower than this by traffic signs or signs set by the race organizer. Driving speed is monitored with GPS devices and speeding is punished according to Art. of the ASN rally rules. according to 19.3.

Reconnaissance must always be carried out without endangering other traffic and people on the road. Pay special attention during the reconnaissance to the fact that farmers may be working in the fields and that large vehicles may move along the route.

When moving during special stages, it is strictly forbidden to move against the direction of travel of the special stage, unless a representative of the competition organizer or the authorities specifically gives permission to do so with their instructions or regulations.

NOTE! The contestant is personally responsible for any damages they cause during the familiarization period.

HRT

Reconnaissance takes place over two days. 09.08.23 at 08:30–17:30. and 10.08.23, from 07:30 to 16:00. Drivers of the HN category (category 36) can familiarize themselves with the route, taking into account the license and qualification regulations. There is no limit to the number of times to reconnaissance with the route in advance.

Competitors in categories 11–28, 34–35 and 38–44 are not allowed to reconnoiter the race route. If a competitor of classes 11–28, 34–35 and 38–44 or his representative is found at the SS belonging to the competition before his own start time, the competitor will be denied the right to start. This does not exclude possible additional sanctions imposed by the national sports federation.

FRC

Reconnaissance on 10.08.23 at 07:30–20:00.

According to the series rules, special stages can be recognized twice, also applies to special stages run twice.

10. DEPARTURE, TIME CARDS, TC PRACTICE, METHOD OF DISPATCH AND PARC FERMÉ

All time cards for the competition are distributed to the competitors together with the competition material.

HRT

The list of those eligible to start with their starting times will be published on the competition's official notice board in the Sportity application, on Friday 11 August 2023 at 08:30. The list is supplemented within the framework of the safety inspection schedule at 30-minute intervals.

Part 1; 11.08.2023 Start of the Rally from Lahti Harbour. Satamakatu 7, 15140 Lahti. The first competitor (class 35,) will start after the last EC Lahti Historic Rally competitor. Competitors who have stopped in part 1 must inform the competition director (tel. +358503088310) by 11.08.2023 at 22:00 if they do not continue to part 2.

10.1. TIMECARD PRACTICE

At the TC, the time card is handed over to the official, who makes the time entries on the time cards, not the competitors. An international time card is used.

10.2. START PROCEDURE ON SPECIAL STAGES

So-called light start is used in the rally. Jump start will be recognized with the Photocell and it will be notified at the finish of the special stage. If the lights won't work, the start will be done traditionally with a flag.

10.3. PARC FERMÉ

The competition uses the Parc Fermé area of the night break Rantakartano P-talo Kartanonkatu 6, 15110 Lahti. Drive to the 4th floor, up to where TC4C. From the station, drive upwards until you are guided to a free place.

PARC FERMÉ HAS AN OIL ABSORPTION MAT UNDER EACH RACE CAR.

Part 2; TC4D, 12/08/2023. Departure takes place from Parc Fermé, Rantakartano P-talo Kartanonkatu 6, 15110 Lahti

The departure time for part 2 will be published on Fri. 11.8.23 at 23.00 in the Sportity application.

Cars of class 35 and 36 are not obliged to take cars to Parc fermé overnight. Cars of class 35 are not obliged to take cars to Parc fermé overnight.

Nonstop transportation is reserved for drivers, (Driver shuttle) Parc Ferme-hotels-Parc Ferme. Hotels with shuttle service: Seurahuone, Kauppahotelli, Skandic, Green star, Also Saturday morning transportation from hotels.

11. STOPPING AND INTERRUPTING ON A SPECIAL STAGE, SOS & OK SIGN

SOS & green **OK** show the A3-sized red **SOS** sign found in the car to fellow competitors and officials, if you need help in case of personal injury (medical help, etc.). Also make a request for help with a GPS tracking device by pressing the SOS button. When you see another competitor's request for help, you must stop to give help to the injured, under the threat of disqualification from the competition.

If you don't need medical help after being stopped, show the **OK** sign from your car. Remember the warning triangle!

Check out the instructions for using the GPS tracking device on the official notice board: Sportity, other documents soon.

Cessation

If a pair of competitors has to stop the race, it must be reported immediately to the suspension phone number of the race control center, which can be found in the road book.

Cars left for the special test may only be picked up when the said special test is completely over, unless the race management gives a separate permission for it.

A competitor who has stopped in Part 1 must notify the competition director by 11 August 2023 at 22:00, if not continue to part 2.

HRT: Note the correction made to the series rule regarding the determination of the execution time in part 1 after an interruption, if continuing to part 2.

12. SERVICE

Flexi maintenance is used in the competition. Maintenance in AT A sticker affixed to the windshield of the racing car indicates the permitted start time for maintenance. This is monitored by the Fact Judges.

Competitors and their maintenance crews are expected to handle fuel, oil and other liquid substances with great care. In the service areas under the racing car, it is absolutely necessary to use a liquid-impermeable protective fabric/tarpaulin and an absorbent mat, under the threat of disqualification from the competition.

A fire extinguisher (at least 6 kg) must be available at all times. Open fire is not allowed. Smoking is only allowed in designated areas. If a competitor or their maintenance crew violates these rules, the race director can impose sanctions up to the closing of the race.

Maintenance personnel are asked to remove hazardous materials and waste from the area.

Penalty for a violation in the service area:

1st offense €300

2nd violation €800

3rd violation, exclusion from the competition by the decision of the competition director

HRT

Refueling is allowed at gas stations along the route, marked in the road book, or at separate refueling areas nearby, where refueling is carried out from own jugs (e.g. 2-stroke cars).

FNC

Fri. 11.08.23 FNC classes run SPECIAL STAGES 4-5.

Refueling is only allowed at the gas stations indicated in the organizer's road book and those marked separately

in the refueling areas in accordance with the Rally FNC series rules.

14. END OF THE RALLY AND PRICE GIVING

Lahti Harbour, Satamakatu 5, 15140 Lahti

Date: Sat 12 August 2023

Class 35 from 6:30 p.m

Classes 11-34, 36-44 from 18:50

Classes 1-7 from 19:50

Prizes are awarded based on conditional results.

The results of all categories will be published 30 minutes after the conditional results are published.

The finish of the competition is located in Lahti Harbour. The cars are driven to the waiting area, from where the competition officials arrange the cars in order by category and class. All maintenance activities are strictly prohibited in this area.

Drivers are not allowed to leave their cars until the prizes are awarded in order to make this arrangement work and succeed properly. Competitors to be awarded from the waiting area are directed to the finish platform, where the prize distribution takes place. After this, the other finishers in the class are pushed through the finishing stage.

SECTION 4

Timing transponder

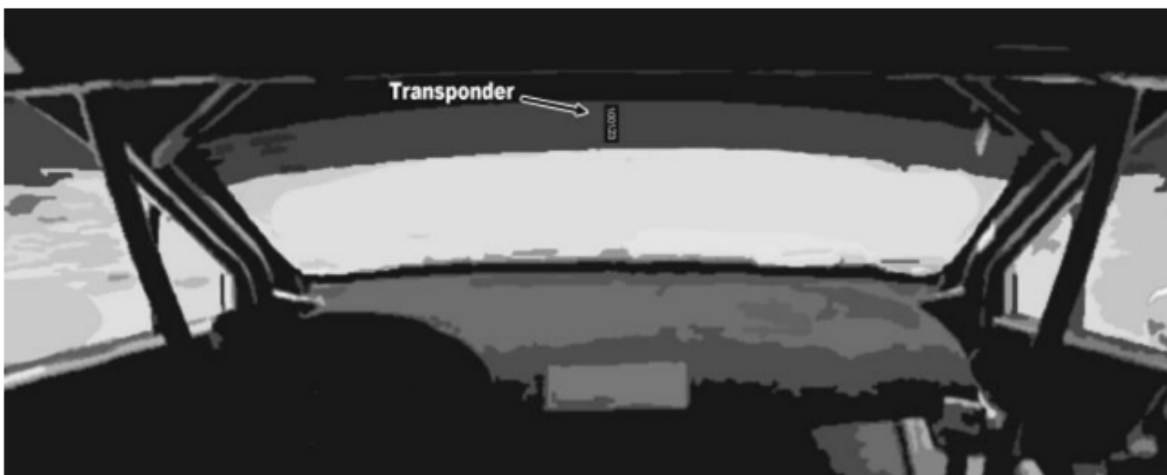

Timing transponder is used for event's official timing. The use of transponder doesn't require much from competitors, just follow these steps:

- Receive transponder at paper check
- Turn transponder on and install to race car before scrutineering.
- The led-light may be blanked with tape if necessary
- At the end of Leg 1, leave transponder at its place in the car. It will shut down automatically, **and needs to be put back on in the beginning of Leg 2.**
- If you retire friday but will continue in the Super Rally, keep the transponder in the car.
- **The transponders are returned at TC in event Finish. In case of retirement, please return the transponder with the retirement notice to an official. If competitor fails to return the transponder, a fee of 200,00€ is charged from the competitor.**

Starting and installing the transponder

The transponder has one button and a led light. By pushing the button transponder turns on, led flashes every three seconds.

Transponder is installed with the supplied sticker inside the car to middle of windscreen as shown on the image. **Do not attach transponder to roll cage.**
