Subject: STEWARDS DECISION No: 4

Document No: 04.9

From: The Stewards

To: Competitor of car #16 / Escuderia Club Bengala
Crew Jaime Hernández / Jorge Hernández

The Stewards, having received a report from the FIA Technical Delegate and having heard the competitor representative and Crew, have considered the following matter and determine the following:

Facts Car #16 (PORSCH TYCAN GTS AWD – 440 kW) is not included in the FIA list of vehicles compatibles with the FIA metering device (list published on the FIA website). In car #16 was installed the specific device approved by FIA in order to calculate the Performance Index, but no data was received in order to calculate the consumption neither the Energy Performance Index.

Decision Do not include competitor #16 in the classifications of the FIA ecoRally Cup. Car #16 can take part in the National competition

Reason Although car #16 it was not included in the last updated FIA list of vehicles compatibles with FIA metering device, the Stewards allowed competitor #16 to start in FIA competition subject to receive the data from FIA device. After the technical analysis of the possibilities to receive the said data during Leg 1, the FIA Technical Delegate reported that the consumption data of car #16 has not been received, consequently, the calculation of the Energy Performance Index of this vehicle cannot be evaluated.

Having examined the report of the Technical Delegate and the allegations of the team representative and Crew, the Stewards conclude that the technicians cannot receive the data in order to calculate the Energy Performance Index, therefore they cannot calculate consumption neither establish the FIA Performance Index classification.

Therefore, the Stewards, in accordance with Article 2 of the 2024 FIA ecoRally Cup Sporting Regulations, decide to remove competitor #16 from the FIA ecoRally Cup competition and classifications.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards (Art. 15 ISC).
