

EVENT CHECK-INS

Competitors and crew members just some friendly reminders for registration to help us move things along smoothly.

1. Competitor/recce registration Wednesday evening will be run as a drive through as done in previous years. DO NOT bring your trailer to this registration. DO NOT bring your crew to this registration (their registration will be completed on Thursday at the same location as tech inspection and for a brief period Friday as listed in the supps). You may walk through Wednesday night registration but please follow instructions given to you by the workers if choosing to walk through rather than drive.

2. Crew packets will be available for pickup at crew registration times only and will not be available at recce registration. If you are a crew less team please make sure to pick up your packet from crew registration. Packets will not be able to be picked up by someone not associated with your team.

3. If you do have crew please make sure they are registered with the event and with a license prior to the event as cellphone signal to purchase a license may be spotty. Crew may only be added at time of event by a competitor who must be present with crew member when registering.

All questions regarding competitor/crew registration may be sent to Megan Williams at megwilliams100aw@gmail.com.

Thank you for your cooperation and patience.
