Allocation Procedure for OK-N Junior and OK-N Rental Engines

1. **The engine rental fee is €500 + VAT**, provided that the request and payment are submitted by the deadline (4 May at 00:00). After this deadline (subject to availability), the fee is €600 + VAT. This price includes engine rental for the official practice day (8 May) and the race day (9 May). The engine package includes a spark plug and a carburettor. Front sprocket, carburettor spring, and cooling system are not included.
2. The lottery will take place on Friday morning at the specified time. A ball indicating the engine number will be drawn, and the corresponding engine will be collected. At the end of the day, the engine must be returned clean. The engine provider may conduct an engine lottery at any time between races, immediately after the finish in Parc Fermé, if deemed necessary.
3. An additional equipment package is available upon request, including:
 - Exhaust
 - Air filter
 - Sprocket Z12The price for this complete package is €100 per race.
4. Engines and additional equipment are guaranteed for all participants who submit their request and complete payment by 30 April at 00:00. For later requests, availability cannot be guaranteed.
