### **Topic: Updated Super Special Information**

The Super Special Stages 7 & 8 will have cones showing the layout the course.  
The cones will be set back from the edge of the defined stage.  
Striking a cone will be considered short cutting the course.

Bypasses have been made to avoid the jumps. It is competitors' choice of which path to take.

We have removed the limit of only 3 runs for recce. Open recce is available for the super special between 17:00 and 19:00 on March 26<sup>th</sup>.
