Calibration

1

Here is the
beginning of the
calibration section

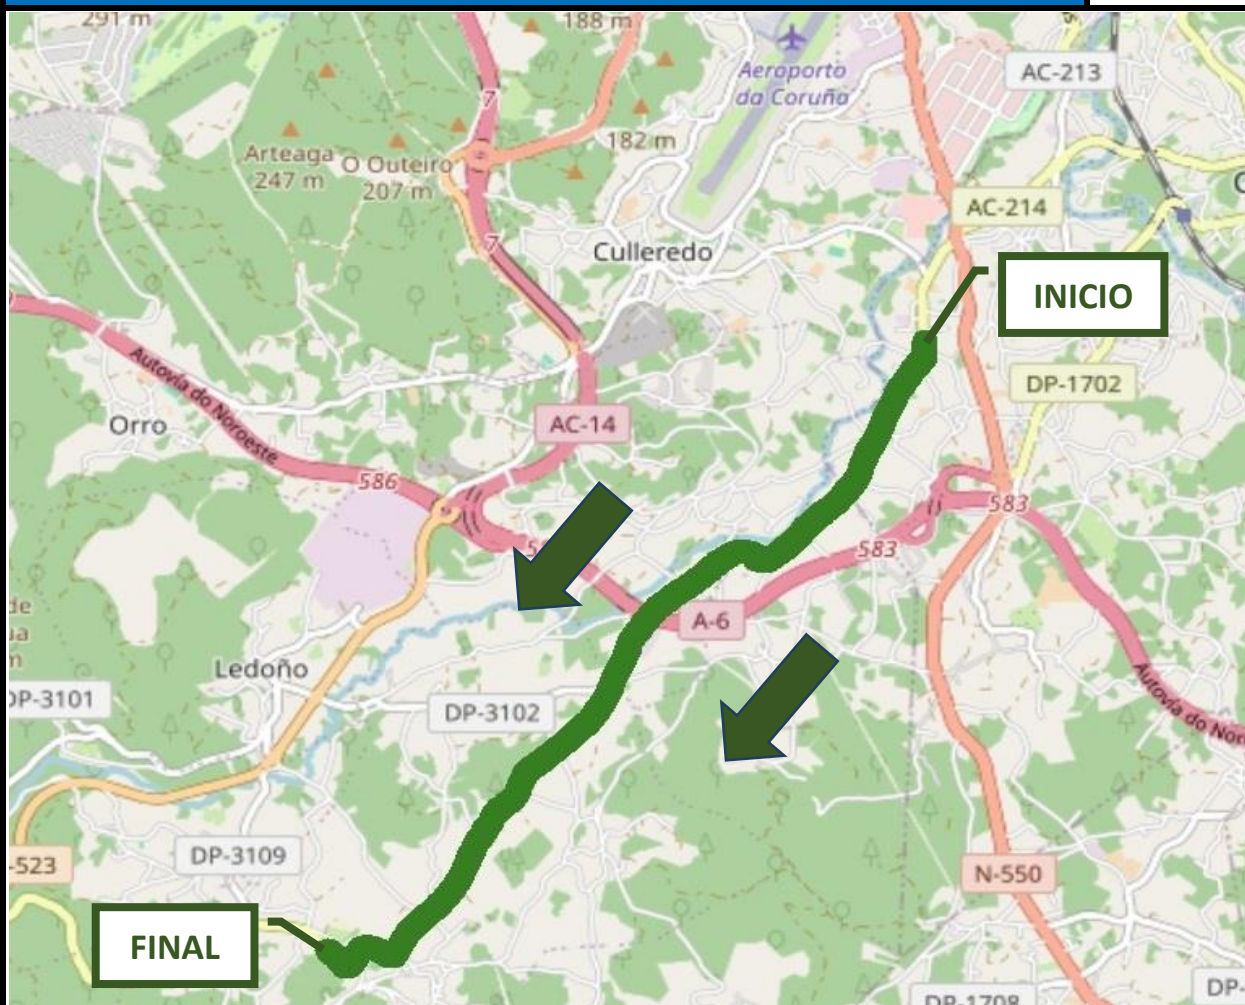

The calibration section runs along the AC-400 in a southwesterly direction.

The calibration section was measured under the same conditions as the rest of the roadbook. Driving close to the right side of the road with a CAS unit with a probe on the left wheel.

Calibración

2

Aquí esta el
comienzo del tramo
de calibración

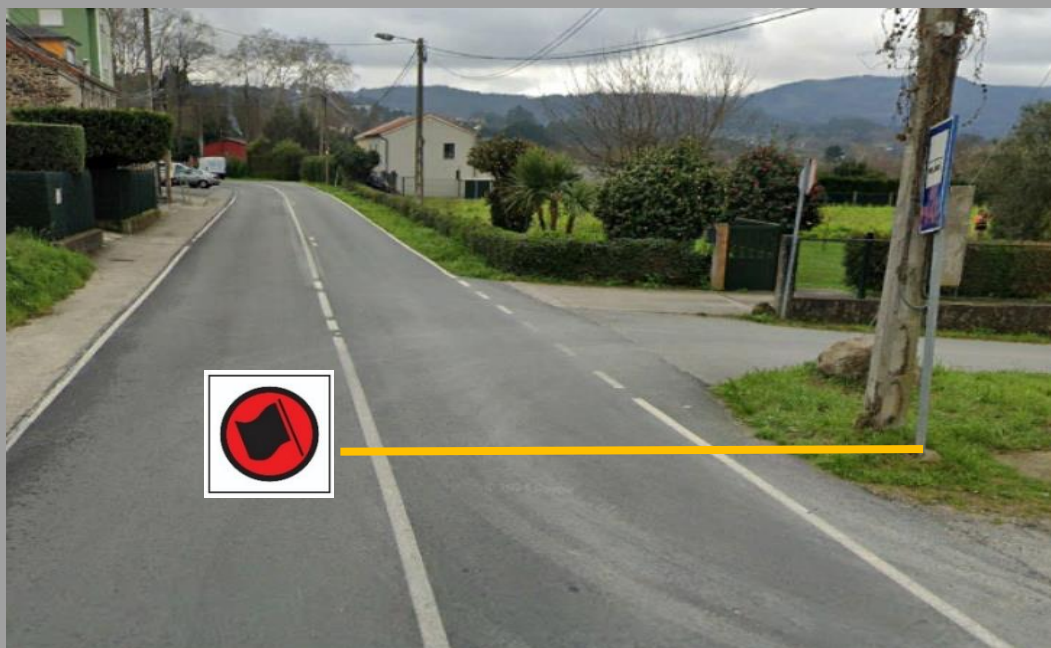

El tramo de calibración discurre por la AC-400 en dirección suroeste.

El tramo de calibración fue medido en las mismas condiciones que el resto del roadbook. Conduciendo cercano al lateral derecho de la carretera con un equipo **CAS** y un sensor en la rueda izquierda.

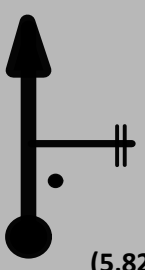

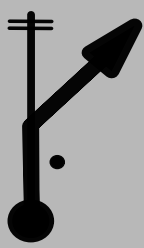

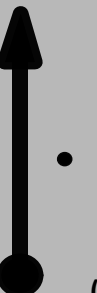

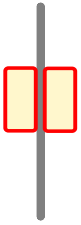

Calibration / Calibración

3

5,827 mts.
