

The reconnaissance tracking device must remain in the reconnaissance vehicle at all times while reconnaissance is being carried out. Any misuse, tampering, or failure to comply with this requirement will be reported to the Stewards.

Concrete blocks will be installed at selected locations during the rally to prevent corner cutting. During reconnaissance, the concrete blocks will not be in place; however, their locations will be clearly marked, as shown in the first image below. During the rally, the blocks will be positioned approximately 5 cm from the edge of the road, as illustrated in the second image below. The locations of all concrete blocks are listed on the following pages.

During reconnaissance

During rally

Naprava za sledenje med ogledi proge mora biti ves čas v vozilu za ogled in v uporabi med celotnim izvajanjem ogledov proge. Vsaka zloraba naprave, nepooblaščen poseg vanjo ali neupoštevanje te zahteve bo prijavljena žiriji.

Za preprečevanje sekanja ovinkov bodo med relijem na izbranih lokacijah nameščeni betonski zidaki. Med ogledi proge zidaki ne bodo postavljeni na svojih končnih položajih, bodo pa mesta njihove namestitve jasno označena, kot je prikazano na prvi spodnji sliki. Med relijem bodo zidaki postavljeni približno 5 cm od roba vozišča, kot je prikazano na drugi spodnji sliki. Lokacije vseh betonskih zidakov so navedene na naslednjih straneh.

Med ogledi proge

Med relijem

The locations of the concrete blocks / Lokacije postavitve betonskih zidakov
