Recce Guide

Reconnaissance for the 2026 Boone Forest Rally is available on Friday July 25th. Stage notes have not been prepared by a third party this year, so recce should be considered required for all teams.

Teams should utilize the Route Book for recce. Additional useful transit directions are included in the appendix of this guide. A recommended route has been included. *NOTE: The additional transit from Turkey Foot 1 to Turkey Foot 2 picks up on Wind Cave Road.*

Under no circumstances may a competitor drive in the opposite direction of the rally traffic unless instructed by an event official or law enforcement. Competitors may only enter the stage through the start and exit the stage through the finish.

Competitors are reminded to review ARA RCR 1.2.1 prior to recce.

DRIVE CAREFULLY. All roads will be open to public two-way traffic during recce.

1 Maximum Recce Speeds and Penalties

The speed limit on stages during recce is 35 MPH; however, be aware of houses in the stages and proceed slowly past the houses as appropriate (20 – 25 MPH). Any team traveling over 40mph will be penalized per ARA RCRs Section 1.2.1.

2 Stage GPS Coordinates, Maps, and Plans

Stage Maps and the Route Book are available on the Sportity Notice Board. Stage start and finish locations will also be available on the competitor OnX Offroad file and a competitor KMZ will be provided on the Sportity Notice Board.

3 Stage Marking

Stages are marked with stakes on the right side of the road. All TC, Start, and Finish stakes are painted with high visibility orange paint on the bottom with the colors in the table below painted only at the top of the stake. Small, laminated control signs may be on the stakes for additional clarity.

ATC/FTC	Start	Radio Point	Flying Finish	Triple Caution/Danger
White	Yellow	Blue	Red	High Vis Orange

Be aware that other stakes placed by the USFS may be present on the stages. Stakes with flagging tape are not associated with the rally.
