### 5. INSURANCE

#### 5.1 TRAFFIC INSURANCE (OBLIGATORY)

All cars participating in the rally must have a valid obligatory traffic insurance towards third parties. In Finland the 'Green Card' (International Motor Insurance Card) system is applied.

For cars coming from countries outside the Green Card system and EEA-countries, a Nordic frontier insurance must be taken at the Danish, Finnish, Norwegian or Swedish border.

Traffic insurance guarantees competitor's cover for civil responsibility towards third parties.

All competitors must be able to show their Green Cards at the administrative checking. The burden of proof for a valid insurance rest solely on the competitor.

The organiser will issue third party insurance cover for foreign drivers valid on special stages for cars registered abroad. Insurance certificate together with a special sticker will be handed to the teams before the start of the Rally - during check-in. The insurance sticker must be affixed on rally car before scrutineering.

Please make sure that the organizer has up-to-date information concerning your car, to be able to take this insurance for the correct vehicle. Information needed is make, model, year of manufacture and chassis number.

#### 5.2 INSURANCE COVERAGE

General liability insurance compensates, within the restrictions of its terms and conditions, bodily injury or material damage caused to a third party by the insured party (that is, federation or club) for which the latter is liable by law. The loss may be caused by an employee working under contract for

the insured party, or by a volunteer working under the insured party's assignment. The insurance also covers the organiser's liability when the insured party has organised an event, training or camp, regardless of whether an entrance fee is charged.

The insurance company will determine for the insured party the indemnification liability and amount of loss, negotiate with the party that is demanding compensation, take care of any trial and its expenses and pay for the indemnity the insured party is liable. The maximum amount of compensation in bodily injuries or material damage is €1,000,000. The insured person's deductible for each loss is €600.

### **5.3 LIMITATION OF INDEMNITY (FIA EHRC, Art. 21.3)**

The organiser declines any liability concerning the consequences caused by any fraudulent action taken by the competitor, may this be against the rules and regulations of the rally or against the laws of the country.

Any service vehicles or reconnaissance cars, even those bearing the official identification of the organiser, may under no circumstances be considered as official participants of the rally, hence their insurance policies remain the sole responsibility of the owner.
