Clerk Communication #3

Investigating the inquiry submitted by Anthony Johnson car 401. We interviewed the sweep team conducting the safety checks and the Stage captain. Found that the competitor was not ready to start the stage with all safety equipment properly fastened delaying the start. Car 523 ahead had a start time of 14:19 so car 401 should have had an out time of 14:20. The delay caused the marshal to give the competitor a start time of 14:21.

This is a Late Stage Start per RCR 5.12.5 and a 1 minute penalty is to be applied.
