

2025 Subaru of Puyallup Olympus Rally Presented by Dirtfish
Clerk Communication #2
12 April 2025, 13:01

Through RallySafe the Clerk of the Course received notification of an anomaly with the SS1 (Schafer 1) start time for Car 207 (Hintz/Ford). In the course of investigating this, the Start Radio Marshal reported that Car 207 started the stage 23 seconds early. Also, the crew of Car 207 was interviewed and indicated they were confused about where the start line was, drove past it, and then realized they were on stage.

This is a false start under RCR 5.11.6 and Scoring is directed to change Car 207's start time on SS1 to the time (not minute) that they actually started the stage on. Also, the team is assessed a first offense false start penalty of 10 seconds as per RCR 6.2.

Matt Flaisig, Clerk of the Course

Alan Perry, Asst. Clerk of the Course
