

## Bulletin #3

2025 Subaru Puyallup Olympus Rally Presented by DirtFish

4 April 2025

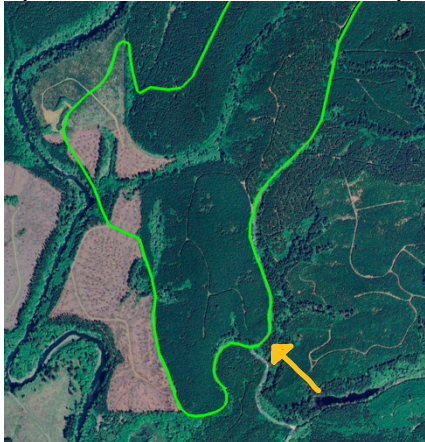

### 1. Recce Schedule Update

Due to logging activity along that stage road, recce of the Andy's Wildcat stage will not start until 1500. Recce of all other stage roads will start at 0700. Only the start time for the Andy's Wildcat stage has been changed.

Recce of all stages will end at 2000. This is unchanged from the Supplementary Regulations. Compliance will be monitored via RS Lite.

### 2. Recce Material Corrections

An error was found in the KMZ file of the stage roads that was posted to the Olympus Sportivity Notice Board. On the Schafer stage, a turn was placed in the wrong location. A link to an updated KMZ file has been posted to Sportivity.

Also, in the Recce Instructions posted to the Olympus Sportivity Notice Board, change the first paragraph as follows:

Recce for all stages starts at 0700 and ends at 2000. ~~Individual stages are open for recce according to the following schedule:~~

The recce schedule will be as described in item 1 above.

Alan Perry

Recce Coordinator
