# Track Limits

In accordance with the rules of the FIA International Sporting Code – Appendix L, the **white lines define the track edges**

Drivers must use the track at all times and **may not leave the track without a justifiable reason**. For the avoidance of doubt, the white lines defining the track edges are considered to be part of the track but the kerbs are not.

Should a car leave the track for any reason, the driver may rejoin. However, this may only be done when it is **safe to do so and without gaining any lasting advantage**. A driver will be judged to have left the track if no part of the car remains in contact with the track.

# Track Limits T1

Track limit after red-white-blue curb  
(at exit T1).

For the inside T1,  
the cone indicates the track limit.

If the cone is removed,  
Appendix L applies.
