

Bulletin 2

November 7, 2023

Topic: Service Information and Location

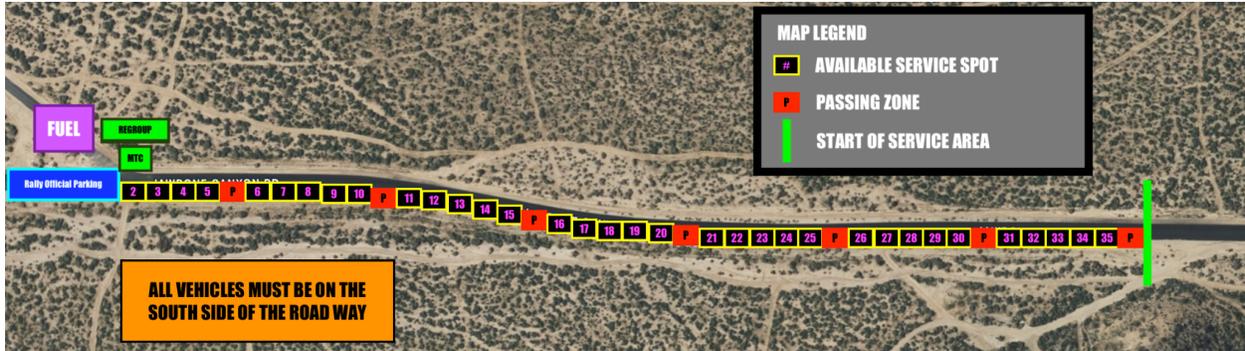

Service spots will start at the "Y" and go east bound on the main road. Starting with Number 2 each spot has a measurement of **40 feet long and 12 feet wide. This takes up half of the roadway; do not park on the moving lane of the road.** Competitors will have to park parallel to the next lane. DON'T PULL IN. Spots are broken up into sections of 5 with a passing lane after every 5. Please utilize these lanes for passing only. If you need additional parking there are wide dirt lots available prior to the service area.

There is very limited parking for trailers on the shoulder due to storm damage. There are multiple lots just outside of the service area that teams are encouraged to use.

If a team is in need of multiple service spots or wants to service next to another team, starting **November 8, 2023 at 09:00** please contact the Clerk of the Course by email at RodnocRacing@gmail.com. All additional requests will be made in the order they are received. There will be a fee assessed of \$150 for each additional service spot.

All requests must be made by November 22, 2023. Any request after that date will not be processed. Teams that have not selected a spot after the 22nd will have their spot randomly assigned.

Service Map (Service Spot Size 40ft x 12ft)

If you have any further questions regarding service please email

RodnocRacing@gmail.com.

James Veatch III

Clerk of the Course
