

R&G RACE OF THE SOUTH - THRUXTON – 14.15.16 AUGUST 2026 - Bulletin 4 – Race Direction info

TURN 12/13/14 CHICANE – COURSE CUT ROUTE

Further to Race Direction Bulletin 2 regarding course cuts, in the event of overshooting the Chicane entry at T12 and missing T13, the rejoin route at T14 should follow the directional arrows. A timing detection loop has also been installed.

Any unsafe rejoins will be penalised. All other points regarding track limits and course cuts at this section of the circuit are as prescribed previously in Race Direction Bulletin 2.

NEW STARTING LIGHTS AND LED PANEL POSITION + START OF WARM UP LAP

New starting lights and the LED Info panel have been installed on riders left after the finish line.

Due to the curvature of the starting grid and pit wall debris fence, the start of the warm up lap will be signified by the simultaneous showing of a waved green flag from the starters box on riders right and a START WARM UP LAP flashing message on the LED Info Panel as shown below.

PIT EXIT BLEND LINE

When leaving pit exit keep to the right of solid white blend line.

Thank you for your attention.

Race Direction.

Thruxton Circuit / 13 August 2025
