		Date	07 th Mar 2024
To	All Teams, All Officials	Hour	09:30

Race Director's Communication 3

The official notification system for track limits infringements will be the TV Monitors track limits live session page from Alkamel.

Qualifying:

1st infraction; no color (only number of repetitions) / Deleted time of the affected lap

2nd infraction; no color (only number of repetitions) / Deleted time of the affected lap

3rd infraction; orange / Deleted time of the affected lap and warning flag

4th infraction; red / Deleted time of the affected lap and black flag

Race:

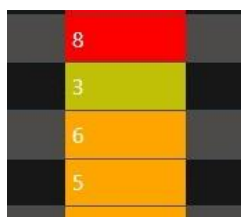

After 3rd infraction; green / Warning flag

After 5th infraction; orange / 5 seconds penalty

After 7th infraction; red / 10 seconds penalty

After 9th infraction; Black flag will be shown directly on the TV monitors (Race Control Manager system).

Example:

Due to queries, here is another clarification on track limit handling:

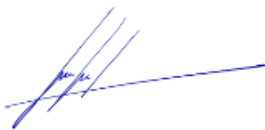

The official FWS Regulations always apply. Track limits apply to the entire circuit and are penalized in all turns.

During qualifying and races, track limits for turns 9, 13 apex (short cut), 13 exit, and 14 will be shown on the TV monitors via the Alkamel track limit system and will be penalized.

For track limit infringements at turn 14, the current lap and the following lap will be deleted.

Track limits in other turns will be reported by the marshals, checked after the session by viewing the onboard videos or other evidences and then penalized.

In all cases and whenever possible, black flags shall be informed to the teams by radio.

A handwritten signature in blue ink, consisting of several overlapping, slanted lines that form a stylized representation of the name 'Luis González'.
