MONLAU MOTORSPORT with license number EC-011-ESP/CAT in representation of the driver of F4 car number 41 Fernando Barrichello ask for the permission to use a "jocker Tyre" FR from the FP allocation used in Valencia.

We ask for this due to the locks we have in all front tyres used at the moment, so we are running out of "safe" front tyres to complete the Racing Weekend.

Thanks for your understanding.

David Simon  
Team Manager Monlau Motorsport.

After Further investigation and speaking with promotor and team the decision to accept jocker tyre is cancelled.

Stewards accept only one front tyre as jocker tyre
