Race Director's Communication

Dear all,

Regarding the "Misano kerbs" (deterrent elements) existing on the limit of the track, a check has been carried out with the crew in charge of the Circuit, as a consequence of the incidents reported by some teams.

The Circuit state that the aforementioned kerbs comply with the applicable regulations, and that they are the same ones that were already installed in the last collective test sessions held at the beginning of this month and yesterday.

The Circuit has undertaken to study the matter in depth, in order to adopt the necessary measures, if necessary.

A handwritten signature in blue ink, consisting of several overlapping strokes that form the name 'Luis González'.
