Race Director's Communication 4

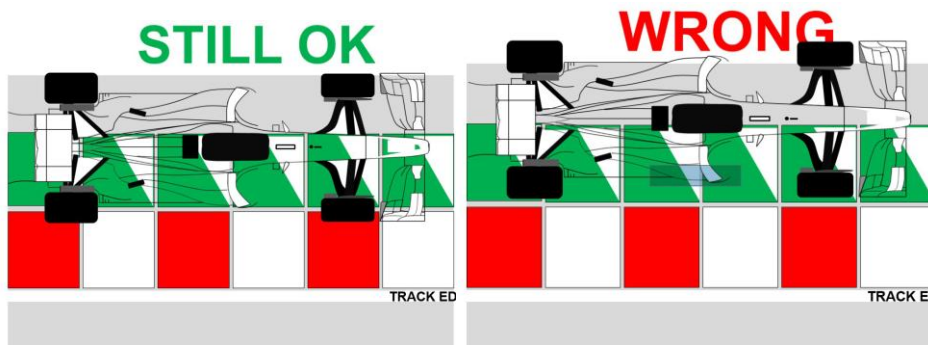

The usable track limit has been defined as the kerb (red and white).

Track limits will be enforced all around the circuit. Drivers must respect the track limits.

For the avoidance of doubt, the driver does not necessarily have to set a personal or overall best lap time in the lap in which the infringement occurred to have his lap time cancelled.

Turns 1, 6 and 14 will be reinforced with judges of fact.

The track limits penalty at turn 14 will be considered on the current and the immediately following lap.
