### Race Director's Communication 1

For safety reasons and as already indicated in an email from the promoter on February 10th, practices start will only be allowed during the collective test (Thursday) and previous test (Friday) and cannot be carried out during the reconnaissance laps or qualifying session. Practice starts may be carried out at the end of the pit lane after second white line and on the driver's RHS, near the wall. This is the only place we consider safe for this purpose. Don't forget to look at your mirrors.
