

NOTA TÉCNICA

COMITÉ ORGANIZADOR

Nota Técnica 02-F4-2023

Debido a la falta de stock del soporte y la batería de litio con referencias 3325050 y MB14L, estas se han retirado del documento Part Classification T421 v2.0.0. A pesar de esto, esta batería seguirá siendo admitida, pudiendo usarse las dos que hay referenciadas en la imagen inferior, partes 3 y 8.

Además, dada la diferencia de pesos de las piezas, se ha decidido incrementar el peso mínimo, tal y como está definido en el Art. 4.1, a 603 kg.

TECHNICAL NOTE

ORGANIZING COMMITTEE

Technical note 02-F4-2023

Due to the lack of stock of the support and lithium battery with references 3325050 and MB14L, these have been retired from the Part Classification T421 v2.0.0 document. Despite of this, the support and battery indicated will continue to be admitted. Any of those references in the image below, parts 3 and 8, can be used.

In addition, given the difference in weight of the parts, it has been decided to increase the minimum weight, as defined in Art. 4.1, to 603 kg.
