Article 16 – INSURANCE (modifications)

16.1 The Organiser, as holder of a sporting licence, adheres to the current sporting regulations and, to this end, takes out an insurance policy in accordance with Article 56 of the RSN.

The aforementioned Insurance Policy shall exclusively cover any damage caused to third parties or third parties' property by the Organiser or by the entered drivers during the Race and on the relevant route.

To this end, it is specified that “Race” means the route between two Time Controls, identified by the Road Book or Information Circulars.

During the Race, any damage suffered by Drivers, Navigators or vehicles entered in the same will not be covered by insurance. This therefore excludes damage to the participants themselves and to the vehicles used by them.

This third party liability policy does not release the Competitors and Drivers from any liability they may incur outside the scope of the insurance and further general and special policy conditions as published on the federal website.

This is without prejudice to the compulsory third party liability insurance of the entered car.
