2026 Show me Reconnaissance Request 2

In accordance with the provisions in RCR 1.2.1.c, the crew of car 154 have requested a passenger for reconnaissance. This request has been approved. The individual holds a current competition license.

In this particular case, the reason for the request is that the driver does not hold a driver's license. USAC and ARA rules allow drivers as young as 14, but in these rare cases provisions must be made for both recce and transits. During recce the driver's father will drive the car with the driver and co-driver on board. During competition, the co-driver will drive the car on transits. The driver will be limited to driving on closed stage roads during competition ONLY.
