12.4.2.1

12.4.2.1 Starting System for SS “RK” round course or super special stage upon arrival at the start, crews will have recorded estimated starting time into the timecard. The estimated starting time to SS is the starting time for the next section. After the marshal at start gives the crew the timecard, he will indicate the start lights. The lights will be red. Start to the SS will not be at given in minute but will be operated by a timekeeper bearing in mind the safety of the drivers. Crews will enter the SS when the signal light switches from red to green colour. The time to start is signalled by the light changing from red to green. The competing car must start within 5 seconds. In case of the start light not working, the start will be given manual with flags.

Starting system SS5 Rundkurs Anger: The crews will start in blocks of maximum 5 with a time interval of approx. 25 seconds. After the last crew of the block passing the start for the exit lap, the next block of max. 5 will start. At the start all 5 crews of the block must pull up immediately to the starting line and be ready for the starting signal.

12.4.2.3

Number of laps in **SS5 Anger, SS10 RK Naas I SS12 RK Naas II**: Only the crews are responsible for driving the exact number of laps which are clearly indicated in the roadbook ~~In case of exceeding the number of laps the actual driving time (total special stage time) will be counted. Where a crew do less laps than required in the road book, the Clerk of the Course will report this to the Stewards where a suitable time penalty can be imposed. Where the crew are identified as having a jump start on a Special Stage, this will incur a minimum time penalty of 10 seconds per offence.~~ **by the road direction diagrams. This route and the road direction diagrams must be followed. This means in circuit stages that there is a given number of laps before the crews have to leave into the exit of the stage. Undercutting the number of laps, counts the fastest time of the respective category plus 5 minutes, penalised by the Clerk of the Course. Exceeding the number of laps, counts the actual time, including the exceeded laps.**

Please remind on SS5 Anger, there will be 3 full laps plus the exit of the stage is in lap 4 roadbook page 70/box 48.

Rename SS 5 SSS Anger to SS5 RK Anger.
