

Happy race week!

To bolster our expanding media reach on ARA YouTube and other social channels, we are requesting access to place GoPro cameras in competitors' cars during competition at SOFR. The captured footage will be used in our social media and end-of-event recap.

The kits are stand-alone and will not require any interaction from the driver or co-driver. They will be installed/removed by our media team (grey media vests) at the MTCs, regroup, or Parc Exposés. They will be installed on the main hoop where available.

If you have any questions, you can reach out to me directly!

Thank you,

A handwritten signature in black ink, appearing to read 'P. Osborn', with a long horizontal flourish extending to the right.

Preston Osborn
