

2026 Service Packet

June 11-13

SOFR Teams,

Welcome! We are excited your team is competing at the Southern Ohio Forest Rally, featuring stages in Chillicothe, and the Shawnee and Zaleski State Forests.

All crew registration should be done prior to arriving at the event.

Traffic – Chillicothe has construction everywhere, and at times gets grid locked. Allow yourself extra time. The biggest change for the rally is South Bridge Street is closed between The Fairfield Inn (Recce Check-in) and Tech/Yoctangee Park. You can find more information at <https://www.transportation.ohio.gov/projects/projects/113013> with maps showing alternate routes under the “Travel Scenarios” tab. There are also closures in Yoctangee Park, the stage will be open, but there will be construction around the start.

Tech is at the Chillicothe Transit Garage. Please follow the map enclosed. Tech is by appointment only. Email sofrtech@southernohioforestrally.com to arrange an appointment.

Trailer parking. VP Fuel Pickup, and pre-event service space is available at M&M Fabrication, 18828 US-50, Chillicothe, OH 45601, contact Gary Timmons at 740-253-1197 for more information.

- **Thursday:** There is a Parc Exposé at Yoctangee Park, at the Chillicothe High School, overlooking SS #1. No trailers are allowed at Parc Exposé. There is no Service Park on Thursday. After TC2A, ending Day 1, there are no restrictions on service until TC2B.
- **Friday:** The Rally resumes at TC2B at the Service Park at Portsmouth **West** High School. There is **no** Parc Exposé on Friday. Cars will start directly from the Service Park. Service crews must use the entrance at the traffic light to **enter and exit** the Service Park. **E&E Towing 740-858-7126** is the closest tow company to the stages.
- **Saturday:** The Rally restarts at Parc Exposé in downtown McArthur, OH. The Service Park is at Vinton County High School. Most spots are paved, but space is limited. If you don't need your trailer for service, see the map for the trailer drop location. Due to the limited space, we will issue service stickers at registration, without a sticker (service or recce) on your car you will need to park across the street at the church. If you need towing, we highly recommend **McDonald's Towing 740-596-4405** directly next to the Service Park, you may, in fact, be servicing in their lot!

Scoring, Stewards, Clerks of the Course, and net control will be at the Semi Race Control Trailer at the service parks on Friday and Saturday, and at Parc Exposé on Thursday.

Bathrooms and food are available at both Service Parks in their respective stadium buildings.

No servicing is allowed outside of the official Service Park during competition on Friday and Saturday.

Tarps must be used under vehicles when in a Service Park.

There may be Tech Zones (TZ) before each service on Friday and Saturday, and after TC9A on Friday evening. All teams must have a crew member present at the TZ.

Service crews need to inform the Chief of Service, Mike Short (740) 703-6786, before leaving the Service Park to retrieve retired competition vehicles. Retired vehicles will be towed to the stage finish, if possible, or to an accessible junction. Mike will know where they are and be able to direct teams. Cars deemed too difficult to recover between sections will be left on stage. Stages will remain closed to traffic until after the second run.

We will be providing you with copies of this information at check-in,

SOFR Rally Committee

Bathrooms are available at both service parks at the stadium concession stands. Food should also be available.
